EDUCATION

PhD | *Mathematics*

State University of New York at Binghamton

Jan 2021 – Expected 2026

New York, USA

Master of Science | *Major: Mathematics, Minor: Physics*

IISER Thiruvananthapuram

Aug 2017 – May 2020

Kerala, India

Bachelor of Science

IISER Thiruvananthapuram

Aug 2015 – August 2017

Kerala, India

PUBLICATIONS AND RESEARCH

- *Infinitude of Primes*, Mathematics Student, Indian Mathematical Society Vol. 94 Part 3-4 (2025)
- *Locally LIP Functions* (In preparation)

TOPICS OF INTEREST

My primary research interest lies in Algebraic Number Theory and Algebraic Geometry. Lately, I have been developing a theory of Locally Integer Polynomial Functions (LIP Functions) with my advisor, Prof. Alexander Borisov, which deals with integer-valued functions on a Dedekind Domain R that "locally" look like a polynomial with coefficients in R .

My other interests include finite and finitely generated Group Theory and Commutative Algebra. Besides Mathematics, I also enjoy thinking about the mechanics of the universe, General Relativity.

CONFERENCES

51st Annual New York State Regional Graduate Mathematics Conference

Syracuse University, NY

March 2026

Binghamton University Graduate Combinatorics, Algebra, and Topology Conference

(BUGCAT) Binghamton University, NY

November 2025

BUGCAT 2024

Binghamton University

November 2024

Annual Foundation School (AFS) Mathematics Workshop

IISER Pune, India

June 2018

Institute of Mathematical Sciences (IMSc) Summer Research Fellowship Program

Chennai, India

May 2017

TALKS GIVEN

Annual New York State Regional Graduate Mathematics Conference, Syracuse Title: Locally Integer Polynomial Functions	March 2026
Math Graduate Students Seminar, Binghamton University Title: Some Aspects of Markoff Equation and Markoff Unicity Conjecture	March 2026
Binghamton University Graduate Combinatorics, Algebra, and Topology Conference Title: An Introduction to Locally Integer Polynomial Functions	November 2025
The Arithmetic Seminar, Binghamton University Title: Kirch and Golomb Topology on $\mathbb{N}$ and Locally Integer Polynomials	Fall 2024
The Arithmetic Seminar, Binghamton University Title: Hilbert's Irreducibility Theorem	Spring 2024
The Algebra Seminar, Binghamton University Title: Wreath Product of Groups and Indicatrix Polynomial of a Group Action	Fall 2023
The Arithmetic Seminar, Binghamton University Title: Nilpotent and Geometrically Nilpotent Subvarieties	Spring 2023

HONORS AND AWARDS

Silver Medalist, School of Mathematics, IISER Thiruvananthapuram Second-highest CGPA in 5-year Integrated BS-MS Course	2020
Secured All India Rank 18 in Mathematics CSIR-UGC NET Examination A national eligibility test for lifelong lectureship by CSIR	2018
INSPIRE (Innovation in Science Pursuit for Inspired Research) Fellow A prestigious fellowship sponsored by the Department of Science and Technology, Govt. of India	2015-2020

TEACHING EXPERIENCE

Elementary Statistics Binghamton University, New York	Spring 2021
Calculus 1: Differential and Integral Calculus Binghamton University, New York	Fall 2021 - Fall 2022
Calculus 2: Integration Techniques and Infinite Series Binghamton University, New York	Spring 2023 - Present

SKILLS

Programming: Basic C++, MATLAB, Mathematica
Teaching: Innovative and adaptive teaching, Strong communication
Problem Solving: Active participant of University's problem of the week sessions
Document Creation: Microsoft Office Suite, LaTeX
Languages: English, Malayalam (Native), Hindi, Tamil

HOBBIES

Reading, Football, Swimming
